

Oil fired water heater

32 gallons and 50 gallons

Hot water on demand

The CMO hot water heater is a nice option for replacement for contractors and homeowners. It allows to keep the actual burner, but it also adds option for new burners and thus additional flexibility.

- Our new CMO models exceed the new efficiency requirements.
- Our high recovery rate unit runs quiet while offering reliable and safe operation.
 - Glass-lined high-gauge steel tank with fiberglass insulation covering the entire tank.
 - Efficient design for accurate water temperature control.
 - Baffle system that delivers higher efficiency.

Manufacturer's warranty: 1 year on parts, 5 years on the bottle.
