Each central KEEPRITE, RUUD-RHEEM, NAPOLEON heat pumps sold and installed by Raymond Heating, Cooling and Venting are covered by the manufacturer's warranty and by a labor warranty for your peace of mind. We do the installation, maintenance and repairs on all units we sell.

(Available soon)

NAPOLEON CENTRAL HEAT PUMP

Napoleon’s central heat pumps unit heats, cools and dehumidifies indoor air to bring balance and efficiency to your home. With superior engineering and technology we offer the next generation of cooling to keep your family comfortable and the environment a little greener.

- Up to 15 SEER
- From 1.5 to 5 ton cooling capability
- Heating and cooling for a year-round comfort
- R-410A refrigerant
- Hi-Efficiency Scroll Compressor
- Features a permanently lubricated PSC – Permanent Split Capacitor motor achieving prompt start up without excessive noise levels
- Industry leading compressor
- Low vibration creates quieter operation
- Contains built-in safeties
- Motor assembly is removable from top of unit for fast and easy servicing
- Service valves and refrigerant connections are located outside the cabinet for easy accessibility and servicing
- MADE IN CANADA

10 years manufacturer’s warranty on parts and compressor
5 years on labor
**KEEPRITE CENTRAL HEAT PUMP**

- 15 SEER/12.5 EER cooling
- 8.5 HSPF heating
- ENERGY STAR® qualified
- Quiet performance (as low as 69 decibels)*
- Single-stage compressor operation
- Dual fuel capable with a compatible gas furnace and thermostat for energy-saving heating
- Durably built to withstand bad weather and debris
- Designed for corrosion resistance and lasting performance
- 10-Year Parts Limited Warranty*
- 5-Year of labor included

**RUUD-RHEEM CENTRAL HEAT PUMP**

- New composite base pan – dampens sound, captures louver panels, eliminates corrosion and reduces number of fasteners needed
- Powder coat paint system – for a long lasting professional finish
- Scroll compressor – uses 70% fewer moving parts for higher efficiency and increased reliability
- Optimized fan orifice – optimizes airflow and reduces unit sound
**Mitsubishi Zuba-Central**

*The less-expensive alternative to Geothermal*

- Will produce constant heat while outdoor temperature is down to -30°C
- 15 SEER & up to 9.4 HSPF of efficiency
- equipped with an auxiliary Electric Heater
- 5 Years labor warranty
- Manufacturer 10 years limited warranty on parts and compressor
