

# GRANBY®

## STANDARD OIL TANK

- Always a tough tank.
- Welded lap joint: the strongest one.
- External finish: grey electrostatic powder paint
- 10-Year Warranty.

## ECOGUARD DOUBLE BOTTOM OIL TANK

Same characteristics as the standard oil tank +

This double bottom tank comes with a leakage detection system same dimension as a standard oil tank for easy retrofit installation

The best warranty on the market: 25 years against manufacturing defects and internal corrosion

## CYLINDRICAL OIL TANK

- High quality glossy finish.
- Heavy wall bottom for corrosion protection.
- 30" diameter cylinder for ease of inside installation (space saver).
- Bottom drain opening in the center of the spherical cover to eliminate accumulation of water, sludge or any contaminant.

3 years manufacturer's warranty
